The Department of Mathematics of Ram Lal Anand College, University of Delhi, organised a cleanliness drive on 4th October 2024 inside the college campus. The main objective of the cleanliness drive was to address the issues of hygiene and public sanitation conditions and to create awareness towards cleanliness inside the college campus.

The cleanliness drive started at 12 PM with an interactive session with the faculty members regarding the need for and importance of sanitation and cleanliness in life. Ingrained with the pure spirit of the Clean India Mission, the faculty motivated the volunteers to keep up the efforts of a clean environment on a personal level. After the interactive session, the cleanliness drive started at 12:15 PM, where 106 students (86 students from 1st and 2nd year and 20 students from 3rd year) of the Department of Mathematics actively participated.

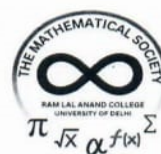

With the motto of “Clean India, Green India”, all the Volunteers picked up plastic and waste papers from the college campus and dumped them in garbage bags. The college provided gloves and Bags, and later, students were sanitized to ensure their safety regarding any infection. Hence making the drive a successful one.
