Brief Summary of the Event:

The Orientation Program for First-Year Students, organized by the Department of Mathematics, was a beacon of enthusiasm for the new students. Mr. Basant Kumar Mishra started the session by welcoming the students. He spoke about the importance of Mathematics in everyday life and its future prospects. He emphasized how a strong foundation in Mathematics can open up numerous career opportunities and stressed the role of the subject in developing critical thinking and problem-solving skills. Dr. Sandeep Bhatt provided insights into the New Education Policy (NEP) and its implications for their academic journey. He highlighted the flexibility and breadth of the 4-year undergraduate course. He introduced the ERP and App for RLA students, which allows them to select their elective subjects, check their timetable, classes, attendance, internal assessment, etc. Mr. Pawan Kumar then addressed the students about the various placement opportunities available in Mathematics. He shared how the department's robust placement cell ensures students are well-prepared and connected with potential employers in top companies. Afterwards, faculty members Ms Pratima Negi, Ms Meghna Sharma, Mr Brijendra Yadav, and Mr Hemant Bharadwaj guided the students on a college tour. During the tour, students were introduced to various facilities, including the library, radio room, amphitheatre, and sports grounds. The event ended by providing refreshments to the students.

The event provided a comprehensive overview of the department's offerings and featured interactive sessions where students could voice their questions and concerns. The program concluded with a lively discussion on the bright prospects and opportunities in Mathematics and beyond.
