BRIEF SUMMARY OF THE EVENT:

SUGAM (Differently Abled Students Welfare) of RLAC Committee of Ram Lal Anand College has organized a Sensitization Drive for Differently Abled Students.

Participated students learned some lines to present in front of other students so as to make them aware about the challenges faced by them and not to be sympathetic towards them. However, they expect them to be empathetic towards them. These changes can only be incorporated in the society when we have an inclusive approach i.e by not excluding the differently abled students from whatever group projects we have. By not making them feel like they are not a part of our society.

To make this happen, SUGAM Society organized this drive where 5 students from the society and 4 students volunteer covered the students and teachers from History Department, Geology Department, Hindi Department, English Department, Microbiology Department, Mathematics Department, Computer Science Department , Political Science Department, Commerce Department, Economics Department, Statistics Department and Physical Education Department.

To sum up at the end, it was a successful event. It was fruitful and a drive to spread the awareness among the students of all departments in our college.
