SUMMARY OF THE SESSION ON ‘COPYRIGHT AND PLAGIARISM ISSUES FOR TEACHING AND RESEARCH’

The Department of Political Science, Ram Lal Anand College, University of Delhi in collaboration with Internal Quality Assurance Cell organised a webinar on 24th June, 2021 on ‘Copyright and Plagiarism Issues for Teaching and Research’ with 83 participants. The speaker of the event was Prof. Alka Chawla, who is a professor at the Faculty of Law, University of Delhi.

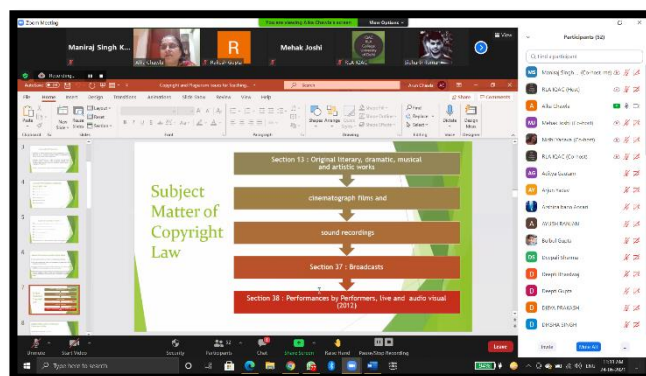

The webinar started with the introduction of the Principal of Ram Lal Anand College, Prof. Rakesh Kumar Gupta followed by a welcome address given by him, followed by the introduction of the key note speaker for the session Prof. Alka Chawla

Prof. Alka Chawla started the session by providing us a basic idea of what is copyright, she explained that an idea of an individual could not be governed under copyright law but the execution of that idea could be governed under the copyright law. Further to her explanation, she briefed the participants with the General Principles

Governing Copyright Law. Ma’am also provided the Rights of the Copyright Owners.

Prof. Alka Chawla further delineated on Copyright and Ownership of Work, an author who may create work independently- he/she is the sole owner of the work. Ma’am taught certain acts that could not to be classified as infringement of Copyright. Prof. Chawla enlightened the listeners by sharing the exceptions in the Copyright Law. She elucidated that certain works that cater to public welfare can be used by others parties even when the author has sole rights of his/her work/idea.

In her explanation she further described the types of Plagiarism; she stated the DBIIT Draft Model Guidelines on implementation of IPR Policy for Academic Institutions (‘Model Guidelines’). She also cleared the doubts regarding Open Book Examinations (OBE) of the students and professors in lieu to plagiarism in the answers submitted by the students.

The purpose of this webinar was to understand Intellectual property (IP) especially Copyright as one of the Intellectual Property Rights (IPR) which contributes enormously to our national and state economies.
